## ABOUT MYSELF

Self-motivated, adaptable, and dependable full-stack enthusiast with hands-on experience in modern web technologies. Proficient in Next.js, Tailwind CSS, Node.js, HTML5, and JavaScript (ES6+), with foundational React knowledge and a growing focus on AI/ML. Available for part-time work on weekdays and weekends; excel both independently and within collaborative teams to deliver performant, user-centric interfaces.

## WORK EXPERIENCE

### *Brazilian Army*

**City:** Rio de Janeiro | **Country:** Brazil

[ Mar 2023 – Jan 2024 ]

### General Assistant (Soldier) - 47h/week

The Brazilian Army is Brazil's land force, responsible for national defense.

- Built a secure login page (HTML, CSS, JavaScript) for a military event registration site—helped 300+ people sign up without any downtime.

- Wrote Node.js scripts to automate data-entry tasks, cutting manual work by nearly half.

- Created easy-to-use buttons and forms that talked to the backend, giving officers up-to-date information faster.

- Designed and organized Office documents, spreadsheets, and presentations to help teams prepare quickly and accurately.

- Rolled out IT tools under strict security rules, showing I can work calmly and carefully in a high-pressure setting.

### *Self Employed - Remote*

[ Feb 2024 – Oct 2024 ]

### Freelance Front-end Developer & Digital Marketer

- Met with clients to gather requirements, turned sketches or wireframes into clean, user-friendly pages, and refined designs based on feedback.

- Set up simple Node.js back ends to handle contact forms and integrate basic APIs, ensuring smooth data flow.

- Optimized images and applied code splitting to speed up page loads, cutting average load time by around 30%.

- Mastered the use of Meta Ads and Google Ads to drive targeted traffic and boost client engagement.

- Managed project schedules, provided regular updates via email or video calls, and delivered all sites on time.

## EDUCATION AND TRAINING

[ Feb 2023 ]

### High School Diploma

### *Baron of Santa Margarida Municipal School*

**City:** Rio de Janeiro | **Country:** Brazil |

## LANGUAGE SKILLS

**Mother tongue(s):** Portuguese

**Other language(s):**

**English**

**LISTENING** B2  **READING** B2  **WRITING** B2

**SPOKEN PRODUCTION** B2  **SPOKEN INTERACTION** B2

*Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user*

## SKILLS

tailwind css | Javascript(Nodejs, ExpressJs) | React/Next.js | CSS | HTML | Github | Git | Python — Basic | pyTorch & TensorFlow (basic) | visual studio code

## PROJECTS

[ Jan 2025 – Current ]  **NovaEdge Media**

NovaEdgeMedia is an AI-powered marketing assistant that helps marketers automate campaigns, generate content, optimize ad spend, and gain real-time insights, making digital marketing faster, smarter, and more effective

- Developing NovaEdgeMedia, an AI-powered marketing assistant focused on campaign automation, content creation, and real-time insights.

- Building the platform with Next.js, Node.js, and Tailwind CSS, with the website close to launch.

- Integrating AI features and managing Meta Ads and Google Ads campaigns to drive early user engagement.

- Leading sales outreach and refining website copy to clearly present the platform's value to marketers.

[ Nov 2024 – Dec 2024 ]  **Neural AI**

- Assigned to develop the mobile platform and website for Neural AI, a planned AI chatbot focused on fat loss guidance.

- Prepared to build the platform using Next.js, Tailwind CSS, Node.js, HTML, and JavaScript, aiming for a responsive and user-friendly experience.

- Participated in early planning and technical discussions, contributing ideas on structure, user flow, and AI integration.

- Project was canceled before deep development work due to strategic changes.
